CENTENARY YEAR CELEBRATIONS

Our year of celebrations has begun, and we are starting to see the Centenary goodies roll into the PROSHOP. So far some of our Club Ties and Ball Markers have arrived as well as some Driver Headcovers. Keep an eye out in the coming weeks for the arrival of more markers, towels and apparel!! The apparel will be a little better than what some of our team, were seen wearing at the Centenary lunch last Sunday!!

The **Gables 100-Year Book** has just been launched..... it's a great read with lots of historical information and photos from the past. It's available now at the Club's Office for \$35 per copy.

COACHING WITH MATTY GUYATT

It has been so fantastic to see the response from a lot of my students after last month's newsletter. Arriving at their lessons with goals for 2024 after reading my goals! The common response was that they were surprised that I still set golfing goals now that I am not playing competitively on Tour. It is a must to keep me motivated to play and hopefully improve.....plus I am inside 18mths now from turning 50 and having a crack at the Seniors Tour here in Aus!!

Here is my monthly question for you all...How is "Your Blueprint" going for your game....chopping and changing ideas, concepts and the like will not lead to consistency, in fact the opposite!!! I did a little video on this just recently....jump on my Instagram – mattguyattgolf or my Facebook – Matthew Guyatt and have a look at it, it could change your world!!!!

I hope the year of golf, and your time here at Gales is great fun, that's what it is supposed to be. Enjoy everyone!!!

COACHING WITH WARREN AUSTIN

Hello Members,

January has passed and we are well on our way into the thick of 2024. Hoping your Golf has started well with the weather, this makes it challenging however this doesn't mean we can sit on the lounge. Practice putting on the carpet looking for good technique, posture and making sure you don't forget how the clubs feels in your hands.

5 Keys to Practicing with a Purpose

1. Practice the shots you use most.
2. Always have a practice plan.
3. Always find your target.
4. Mix up your shots.
5. Don't be afraid to practice on the course.

If you are struggling with your putting, whether you're missing the hole left or right more often than not, leaving a putt short or rushing it past the hole there are ways to improve through a lesson.

Come see me in the shop, email or call me to book a lesson.

Happy Golfing
